DETAILED ACTION

Election/Restriction

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

- I. Claims 1-3 and 6-11, drawn to an isolated DNA molecule, vector, a host cell, and method for producing a human lysozyme.
- II. Claims 4 and 5, drawn to a human lysozyme.
- III. Claim 12, drawn to an antibody.
- IV. Claim 13, drawn to an antisense DNA molecule.
- V. Claim 14, drawn to a DNA probe.

2. The inventions listed as Groups I-VIII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The special technical feature of the inventions listed as Groups I-VIII is a human lysozyme comprising a fragment of SEQ ID NO: 4. However, de Baetselier et al. (Accession AAR05721) teach a human lysozyme comprising a fragment of SEQ ID NO: 4 (See Alignment No. 1).

Since Applicants have not contributed a special technical feature over the prior art, Groups I-V do not have a single general inventive concept and therefore lack unity of invention.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any

amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christian L. Fronda whose telephone number is (703)305-1252.
